

Dear member representative,

Considering an expected lower participation in person at the upcoming General Assembly of FIPS-Mouche and with the aim to maximize a mandate of the elected person, Board decided to provide to all member federation, not physically represented at the General Assembly, an option to vote electronically via email.

Attached are :

- Electronic Ballot slip
- Biographies of the 6 candidates (<https://www.fips-mouche.com/congresses/>)

Voting instructions:

- Every member has just 1 vote. Please coordinate within your federation before casting your vote, you don't get a second chance !
- Electronic Ballot slip may only be cast from your email address as a SPOC (federation single point of contact)
- To cast a legal vote, you may vote for one candidate only.
- In case a valid electronic Ballot slip was received, and a federation will be represented by a delegate at the GA, the electronic Ballot slip will be ignored, and delegate will carry out vote in person in accordance to our Statutes
- You must return the ballot slip to me before **11 April 2024** via e-mail stefan.allacker@fips-mouche.com
- There is no obligation to vote.
- Your vote will remain secret and will only be known to FIPS-Mouche Board

Kind regards,

Stefan Allacker
General Secretary
